29.95 EUR
incl. 19% VAT, plus shipping

- **DB9 connector**
- **Serial extension**
- **Cradle extension cable**
- **Legacy system support**

The CAB-EX-DB9 is a basic cradle extension cable with a DB9 connector. It is intended for serial extensions where a DB9 termination is required.

It is useful for legacy and industrial systems that still rely on classic DB9 serial interfaces.

Compatible with: Topicon MDT880, Topicon MDT865, Topicon MDT1065, Topicon MDT1080
