- **5.7-inch rugged handheld**
- **IP67 protection**
- **4 GB RAM / 64 GB eMMC**
- **4G, GNSS, NFC**

The Topicon MDT665 is a rugged Android handheld designed for professional use in vehicles, warehouses and mobile field operations. It combines a compact 5.7-inch form factor with IP67 protection, 4 GB RAM, 64 GB eMMC storage and a 4000 mAh battery, making it a reliable tool for demanding data capture and communication tasks.

Key features include 2G/3G/4G, Wi-Fi, Bluetooth, GNSS, NFC, G-sensor, light sensor, a 20 MP rear camera and an 8 MP front camera. The MT6769 octa-core processor up to 2.0 GHz, USB Type-C OTG, an 8-pin docking connector and a microSD slot up to 128 GB support flexible field deployment.

With vehicle cradles, charging accessories and an optional barcode scanner module, the MDT665 can be integrated easily into existing workflows.
